

Upload a new assignment

Now let's walk through the steps involved in uploading an assignment, such as a paper you have written. This will take a few steps (the multiple steps are designed for security, so that no one else can see your assignment). Let's start at the course home page:

October 20 - November 2

Just as our understanding of America today is shaped partly by our own history -- the Mayflower, the Declaration of Independence, the Civil War, the Great Depression -- so also first-century Jews looked to their own history to shape their hopes for the future. We may know the Old Testament story, but that was 600 plus years before Jesus. What had happened to the nation in the meantime? What was in the more recent memory of the Jewish people? This lecture gives a survey of the events and points out key developments in each stage.

File submissions

Maximum size for new files: 1MB, maximum attachments: 3

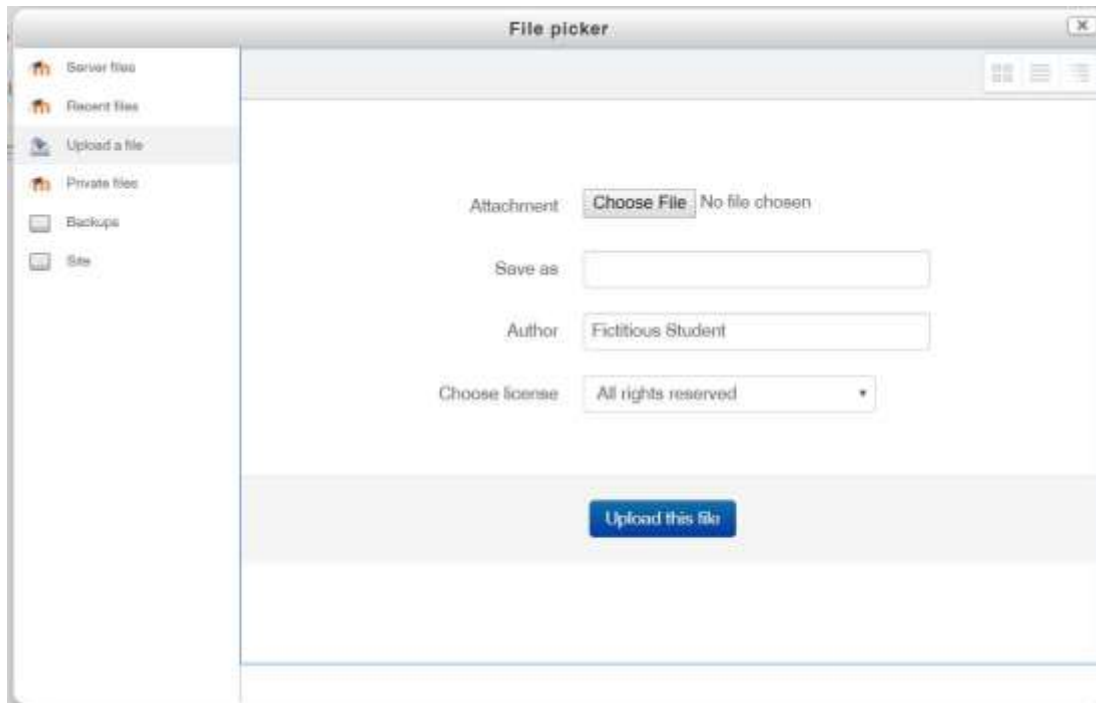

The screenshot shows a file upload interface. At the top left, there is a circled 'Add' icon. Below it is a dashed box with a blue arrow pointing down and the text 'You can drag and drop files here to add them.' At the bottom are 'Save changes' and 'Cancel' buttons.

Your first step will be to locate the file in your computer that you want to submit to the course.

- You can use “drag and drop” to upload the file. Find the document in Windows File Explorer (a Word “File Open” dialog box also works). Put your mouse over the file, and while holding the left button down, move the mouse to the taskbar (usually at the bottom of the page) to the browser icon. Once your mouse is over that tab, the browser should display. Still holding the left button down, move the mouse up to the drag-and-drop box on the assignment upload area. Then release the mouse button.

You can also use the step-by-step method:

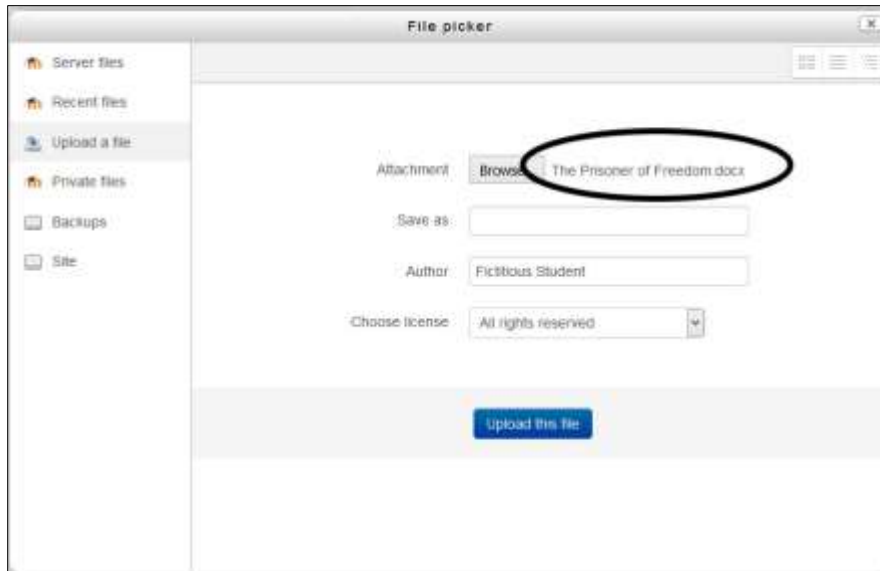

- Click on the “Add” icon (circled above). You will then see the File picker:

Click on “Choose File.” (If you don’t see it, you may need to click on “Upload a file,” on the left.) When you click on Choose File, you’ll see a Windows File Explorer dialog box (or something different on a Mac...). Navigate in your computer until you find the folder where your file is stored. There are three ways to select the file:

- double-click on the name of the file.
- click on the name of the file, then hit Enter on the keyboard.
- click on the name of the file, then click the “Upload this file” button.

The name of your document is then loaded into the file picker:

You have the option of giving the file a new name, by typing something in the “Save as” box. You should include your last name in the name of the file, to make it easier for the instructor to keep track of whose file is whose. Click on “Upload this file” and you’ll be back at the GCS assignment page. The name of your file (or part of it) will be displayed in the box:

Click on “Save changes” and you are done! The website will display a confirmation page. Be sure that you are submitting the correct file(s). If you didn’t, you can click on the wrong file, Delete it, and start over.
