

Using Our Website

Most students are able to navigate our website without too much difficulty. If you encounter problems, email us at support@gcs.edu, or phone our technical support department at 1-800-851-2611. Whenever you send us a message, please let us know which browser you are using, what page you were on, and what you were trying to do.

Here are some general guidelines:

- At the top of most pages, there are some blue and some black words at the top of the left column, starting with “Home” or “My home.” These are called “bread crumbs,” because they show a pathway of where you are on our web site. You can click on those words to move backwards.
- Right after you log in, you will see a page listing the courses you are currently enrolled in, course announcements, whether you have messages waiting, and upcoming assignments. To go back to that page, click the “My home” link upper left corner.
- When you are viewing a page in a course, click the course code (e.g., NT501) to get back to the course home page.
- If you wish to see the GCS home page, click on “Site home.”

A. Getting started: logging in

After you are accepted to be a student at Grace Communion Seminary, you will be given a user name and a password. This is the electronic key that enables you to see the course materials.

Below is a picture of the GCS home page, showing where you should type in your user name and password:

- Credit for Prior Learning
- Academic Policies

TWO DEGREES - NUMEROUS OPTIONS - LOW TUITION

We offer two degrees - **Master of Pastoral Studies** and **Master of Theological Studies**.

All students are initially in the category called Master's Level Continuing Education, which means that you can take courses according to your own interests. Students who do not have a bachelor's degree may take Continuing Education courses.

A master's degree requires 42 semester units - 14 courses. At current tuition rates and book prices, you can earn a master's degree for about \$7000.

WHY STUDY AT GRACE COMMUNION SEMINARY?

- **Worship:** to love God with all your mind.
- **Service:** to help others apply truth to life.
- **Practical:** a balanced range of useful topics for ministry.
- **Trinitarian theology:** a survey of theology and the merits of a Trinitarian perspective. We begin with the question, "Who is God?" Then, "Who are we in relationship to God?" In this context, "How then do we serve?"
- **Part-time study:** designed to help people who are already serving in local congregations. There is no need to leave your current ministry. Full-time students are also welcome.
- **Flexibility:** your choice of master's level courses or pursuit of a Master of Pastoral

A short video about the benefits of studying at GCS.
